

**Wearnes Ti-5851** is a high performance Point-of-Sale (POS) hardware solution to fulfill your POS hardware requirement. The 2<sup>nd</sup> generation Intel® Core™ mobile processor platform is a best choice for high-end POS hardware solution. The stylish zero bezel design makes it easy for your POS Terminal to fit the modern store design.

## Wearnes Ti-5851

Removable HDD, MSR, fingerprint and VFD kit design provides an easy maintenance method, which saves your service cost. The DC-12V output provides sufficient power for your 2nd display from POS terminal, and offers better cable routing and high-integration for the 2nd display. Small footprint is ideal for installations where space is compact in stores. The VESA mounting design of display head, only 100 x100mm, provides another option for wall-mounting application when detaching the stand of terminal. The design offers a spill resistant and high integration for POS peripherals, which provides restaurant and retail conditions with continuous operation

### Main Features

Build-in 2nd Gen Core Processor

Removable Harddrive

Dust Filter Design for Easy Maintenance

IP-65 standard compliant

Stand accommodate Power Brick

Build-in MSR/ FingerPrint/ VFD Kit (Option)
